

East West Company Scandinavia AB

Gihan V. Mauris - second generation proprietor of the Tea Centre of Stockholm AB and E.W.C Scandinavia AB.

East West Company Scandinavia AB is a private limited company established in Sweden in 1978. Our primary aim is to market high quality bulk and packed teas from various countries of origin. Our blending operations take place both in Sweden and abroad, depending on the availability of component teas. We also specialize in design and development of tea accessories such as teapots, infusers, strainers, etc. We offer our services to three categories of customers, namely; wholesalers, retailers and private customers.

E.W.C provides Scandinavian consumers with teas from our own retail shop *The Tea Centre of Stockholm*. The shop was established in 1979 on Stockholm's picturesque southern island in attempt to promote and popularize tea drinking in Sweden. The country is no longer the exclusive coffee drinking nation it once was. The appeal of our Golden Blends has generated a web-shop for those who are unable to visit us. Since then the web-shop has flourished throughout the world and proved particular with our clients in markets such as Europe, USA and Japan.
